## **Philosophy Of Christian Education**

### Schedule 'B'

The educational philosophy of Prairie Christian Academy is based on a God-centered view of man and truth as presented in the bible. Since God created and sustains all things through His Son, Jesus Christ, the universe and all life are dynamically related to God and have the purpose of glorifying Him. This is particularly true of man who was created in God's image, different in kind from all other creatures, with the unique capacity to know and respond to God personally and voluntarily. Because mankind is sinful by nature and choice, mankind cannot in this condition, know or honor God in his/her life. Mankind can do this only by admitting his/her sinful condition and by receiving God's gift of forgiveness through Jesus Christ to do God's will. This should be the ultimate purpose of his/her life.

The authority for such an education comes both from God's command that children be taught to love God and place Him first in their lives, and from the fact that parents are responsible for the total education and training of their children. At the parents' request, the Christian School, along with the church, becomes a partner in giving this education. From this philosophy stem certain aims and objectives:

For the Spiritual and Moral growth of the student, the school seeks:

- To teach the Bible as God's inspired Word and to develop attitudes of love and respect toward it.
- To teach the basic doctrines of the Bible.
- To lead the student to a decision of confessing Christ as Savior and Lord.
- To develop a desire to know and obey the will of God as revealed in the Scriptures.
- To equip the student to carry out the will of God daily.
- To impart an understanding of each Christian's place in the church and its worldwide task of witnessing, evangelism and discipling and to stimulate the student's involvement in this task.
- To develop the "mind of Christ" toward godliness and sin, and to teach the student how to live an overcoming life through the exercising of self-restraint and consideration of others.
- To encourage the development of self discipline and responsibility in the student based on respect for and submission to God and God ordained authority.
- To help the student develop for himself/herself a Christian world view by integrating life and studies with the Bible.

For the Personal and Social Development of the student, the school aims:

- To help the student develop his/her personality based both on a proper understanding and acceptance of himself/herself as a unique individual created in the image of God and on the fullest possible development of his/her own capabilities.
- To teach the student to treat everyone with love and respect since others too are made in God's image
- To make the student a contributing member of his/her society who realizes his/her dependence on others and their dependence on God.
